

GOLF COURSE PROGRAMS FOR 2010

- **ALL CITY PUNCH PASS - *** Now Includes Golf Cart Rental!! *****

The All City Punch Pass is a versatile program that you can use to achieve a 10-20 percent discount on regular daily green fees **or regular daily green fees with ½ golf cart** at any of the courses. The more credit that is purchased, the greater the discount. Our fact sheet explains the pass and helps you determine how much credit is right for your needs.

- **SEASON PASSES - *** 100 round limit – rounds after October 1 do not count *****

The City continues to offer a large menu of season passes for the golfer who plays a significant amount of golf. There are discounts for weekday only play and for senior and junior golfers. You have the choice of passes for Elmwood only, Elmwood's East 9 and Kuehn Park, and a season pass that allows play at all three courses, the All City Season Pass. For those who ride, season golf car passes are also available.

- **PRAIRIE GREEN SAMPLER**

If you buy an Elmwood or East 9/Kuehn Park season pass, you are able to add four 18 hole rounds at Prairie Green for only \$60! The sampler is limited to one per person and may be purchased only in conjunction with an Elmwood or Kuehn Park season pass. The sampler rounds must be used by the passholder only.

- **YOUNG ADULT PASS PROGRAM **PRICES REDUCED 30-40%!!!****

Young Adult passes are available to golfers between the ages of 19-24. Prices on these passes have been substantially reduced and the old program of giving additional discounts to prior passholders has been eliminated. Those under 19 can purchase this pass instead of the Youth Pass if they do not want to have restrictions on play.

- **YOUTH PASS ELIGIBILITY**

Our youth passes are available to anyone who is under 18 years of age on April 1, 2010, or any 18 year old who is a 2010 high school graduate.

- **HELP IS AVAILABLE!!!**

Our professional staff is available to help with any questions you have about our programs. Please call us at 367-7092 and let us help find the best program for you.

Tom Jansa
President, Dakota Golf Management

Dear Elmwood, Prairie Green and Kuehn Park golfer:

We are excited about another great season for golf in 2010. Hopefully we will get some warm weather to melt away all of the snow and ice and allow us to get open around April 1.

To help you decide what pass is best for you, please look at the chart that explains the difference between the passes as well as information on how many rounds you can expect to get with each level of punch pass, with or without a cart. It also shows how many rounds you have to play to "break even" on your season pass. As always, you can call us at Elmwood (367-7092) or email golf@dakotagolf.com if you have any questions or need help determining which pass is best for you.

For your convenience, enclosed is the universal application form for all of our seasonal programs. You can mail your completed application along with your payment, visit the Pro Shop at any course, call us at 367-7092 or register online at www.dakotagolf.com.

2009 was another great year for golf at the courses. Course conditions benefited from the lack of any really hot weather and there didn't seem to be as many really windy days as we normally receive. We finished some drainage projects at both Elmwood (#1, 6, 8 & 18) and Prairie Green (#10 & 15) and began work on renovating bunkers at both courses. New portable restrooms with running water and flushing toilets have been acquired and will be ready next spring when we open. Next year we will continue with bunker renovation at both courses as well as addressing some of the drainage and other concerns on the East 9. Plans to upgrade our GPS units ran into difficulties and we apologize for times where you may have had to play with a cart without a working unit. This issue will be resolved for the 2010 season.

As many of you are aware, the issue of the Prairie Green clubhouse has been in the news lately. I'd like to make the golfers of Sioux Falls aware of this project and clear up some misconceptions. In terms of the funding for the project, the City receives about \$275,000 annually from operations at the golf courses. The City has no expenses associated with the operations at the courses so this money is currently being put into the City's general fund. The project, which is in the City's Capital Improvements Plan for 2011-2012, will construct a new clubhouse for Prairie Green, and move the old Prairie Green clubhouse to Kuehn Park, whose clubhouse must be replaced to comply with ADA requirements. The money to pay for these projects comes from the 2nd penny sales tax. Some politicians and others have described it as an example of wasteful spending that should be eliminated or delayed during this time of economic uncertainty. This ignores the fact that the golf courses generate tremendous revenues for the City every year.

We are concerned that the project will get delayed (or eliminated) at the last instant, depriving golfers of these needed improvements to both facilities. Please contact your councilor to make them aware of the importance of these projects and that you expect the City to move forward with them given the fact that your fees help contribute over \$275,000 to the City's general fund every year. You can also suggest that if the City cannot guarantee that these funds be used for needed course improvements, the golf courses should be allowed to keep these funds for capital improvement projects like the Prairie Green clubhouse. This would allow the City to remove the project from the CIP and enable the golf courses to move forward with golf course projects.

The First Tee of South Dakota at Elmwood continues to be very successful and grew again in 2009 to over 700 youth in the area. The South Dakota Golf Association's Junior Golf Foundation and the USGA have contributed funds to rebuild the Junior Course at Elmwood, which is located between #10 and the East 9. Those holes should be ready for play by the time school is out. The big goal of The First Tee is to construct a "home"

for The First Tee that would be located on the north corner of the Elmwood driving range tee. This First Tee home would include all weather hitting stalls for the driving range, a clubhouse & office for The First Tee, offices for the SDGA, and a learning center open to the public year round. If you are interested in helping to move this project forward, please contact Wade Merry at the SDGA – 338-7499 or sdga@sdga.org.

For those already registered, we hope that you enjoy utilizing our online tee time service and other features on our website at www.dakotagolf.com. If you have not yet signed up for online tee times, please email us at golf@dakotagolf.com and we will send you the information you need to get started. Also, when you purchase your pass, please be sure to write in your e-mail address. We will keep your email address in strict confidence.

Our excellent staff is returning for 2010, and we are excited about working hard to provide an even more enjoyable golf experience for you next year. Be sure to call us if you have any questions about our 2010 programs and let us know what we can do to make your golf more enjoyable at your courses. Thanks again and we hope to see you soon.

SIoux FALLS MUNICIPAL GOLF ADVISORY BOARD

Greetings from the Sioux Falls Municipal Golf Advisory Board. Once again, we were blessed with a season of great golf on our three municipal courses in Sioux Falls. The enhancements over the past several years have made our golfing experience an even greater bargain as we still enjoy the most reasonable rates in the area.

The clubhouse issues at Prairie Green and Kuehn Park are still the highest priority projects that will make our golfing environment even better. We continue to emphasize this need to the city and as of now the clubhouses are in the City's Capital Improvements Plan for 2012. We all hope that the current economic problems do not have a severe impact on the City's revenues in the next few years, which could result in the CIP being revised and the projects eliminated or delayed.

As always, this board is actively involved in reviewing the capital improvements plans, rate increases, Dakota Golf operational plans and other special items that may come up during the year. We meet several times during the year and are pleased with our relationship with the Sioux Falls Parks Department. We were formed in 2000 and are now actively seeking new members for the Board. Please contact Tom Jansa and the staff or any of us on the Golf Advisory Board if you are interested.

Remember - spring is getting closer every day!

ELMWOOD / PRAIRIE GREEN / KUEHN PARK PUNCH PASS CONVERSION CHART

This chart will give you an idea of approximately how many 9 and 18 hole rounds could be purchased at each course with the different levels of punch passes available. There are columns for green fees only and green fee plus cart. The columns on the right labeled “1/2 Elmwood - 1/2 Prairie Green” indicates the total number of rounds that could be played if they were split evenly between Elmwood and Prairie Green. **Punch pass credit cannot be used for carts alone**, but ½ cart can be added for every green fee paid with punch pass credit.

ELMWOOD / PRAIRIE GREEN / KUEHN PARK SEASON PASS BREAK-EVEN POINTS

For those considering a season pass, here are the “break-even” numbers for each course and type of pass. If your level of play is above these levels, the season pass is always your best deal compared to daily fees. For those close or slightly over the breakeven point, a punch pass could be a better option. Unless noted, the “break-even” numbers are figured as 18 hole equivalents, with 9 hole rounds counting as 1/2 of a round.

	All City	Elmwood	East 9/Kuehn
Adult All-Time	38	28	49 (9 hole rounds)
Adult Weekday	27	21	31 (9 hole rounds)
